

REMARKS

In response to the final Official Action of April 6, 2007, claim 31 has been amended in a manner which is believed to overcome the rejection of said claim under 35 USC §101.

In particular, claim 31 has been amended to recite a computer program product which comprises program code stored on a readable medium for execution by a processor. As such, this claim is believed to be directed to statutory subject matter within the scope of 35 USC §101.

It is further noted that claims 1-30 are allowed.

This Amendment After Final is not believed to raise new issues and is therefore believed to be compliant with 37 CFR §1.116(b).

The undersigned respectfully submits that no fee is due for filing this Amendment. The Commissioner is hereby authorized to charge to deposit account 23-0442 any fee deficiency required to submit this paper.
